Dear Sirs,

Below please find the text of a letter that I recently sent to the Att'y Gen of Connecticut. Please know that I am not the only tech. oriented professional who feels this way. Those of us who have watched the evolution of the computer for the last two decades have been alarmed & disgusted by the conduct of this corporation & the stifling effect it has had on innovation in the computer world.

Each piece of software they produce, they have the nerve to talk about
"Innovation" !In a hundred ways
daily, despite lawsuits civil & criminal, they sabotage rivals, deny access or produce
obstacles to success

Thank You,
